

NEW INTERNATIONAL STUDENT SPECIAL

As a new student in the US, you will want to purchase some basic necessities.

Since you may not have transportation or know your way around, the International Student Office can arrange a trip to Wal-Mart – a store with good quality merchandise and low prices – during your first days in the US. Seize this opportunity to buy basic essentials such as groceries, small appliances, domestic items including toiletries and linens, clothing and much more! All new students are welcome.*
